

GEMINI GUARANTEE: Gemini guarantees all of its exterior rated products for life. This means that should a letter or plaque that fades, breaks or contains any defect, we will refinish or replace the defective materials at no cost to you, as long as the letters are installed in their original location. Please note that our guarantee applies to defective material only, as described in our warranty statement: The following warranty is in lieu of all warranties expressed or implied. Specifically, Seller and Manufacturer disclaims any warranty of merchantability or of fitness for a particular purpose and manufacturer/seller's only obligation shall be to replace such quantity of the product proved to be defective. Neither seller nor manufacturer shall be liable for any injury, loss or damage, direct or consequential, arising out of the use of or the inability to use the product. Before using, user shall determine the suitability of the product for his or her intended use and user assumes all risk and liability whatsoever in connection therewith. The foregoing may not be altered except by an agreement signed by officers of seller and manufacturer. Keep in mind that all exterior letters will require some maintenance to retain their original luster. All plastic and metal letters should be periodically cleaned with a good dish soap and water to remove any dirt or pollutants gathered from the environment. Should the face of a metal letter become scratched, the polyurethane coating can be revitalized using a good car wax. All Gemini exterior rated letters, logos and plaques are designed to last a lifetime. We test all our materials and finishes, refine our coating technology, and deliver a product that we know will last much longer than the life of any other sign you may install. From experience in the field and from our test lab results, we know that our products are designed to last in excess of 10 years without any noticeable degradation in appearance. We know, from many installations around the world, that many of our products last longer than that.
